

Liquid Laundry Spotter & Pre Spotter (L-32)

Description

Spot-Tech Spotters are designed to perform quickly thus saving time, labor and chemical consumption. This is an effective spotter and pre-spray for use on a broad list of stains in the laundry room. Effectively emulsifies and softens dirt, grime and food stains allowing for easier removal in the wash cycle. Safe on most water washable fabrics. Test in an inconspicuous area on brightly colored fabrics and linens. For institutional use only

Directions

Spotting: Apply directly to stain. Allow to soak for a few minutes. Tougher stains may require slight agitation. Launder as usual.

Soak Tank: Mix 8-10 ounces per gallon of warm water into soak tank. Submerge clothing and allow to soak until stains are softened or removed. Do not use on delicate fabrics. Increase concentration for heavy soil and stain problems. Test in an inconspicuous area of clothing before use.

Carpet Spray: Mix 1 part product with 10 parts warm water. Spray on heavy soil or traffic areas. Allow to soak for a few minutes and then clean as normal.

Consult your Sales Representative for specific instructions and application set up.

Specifications

- Color.....Blue
- Fragrance.....Pleasant
- PH Range.....9.5-9.7
- Viscosity..... Light
- Density..... 8.2lbs/Gal
- Foam.....Low
- Biodegradable.....Yes

Packaging

- 6/1 quart

Applications

- Institutional Facilities
- Hotels
- Nursing Homes
- Food Service
