

# GENTLE

## Liquid Laundry Softener (L-22)

## Description

Gentle is a biodegradable concentrated softener specifically formulated for use in automatic injection laundry systems. It has static and wrinkle reduction properties and helps to provide soft and silky linens. Pleasantly fragranced.

## Directions

Sort laundry by fabric type and soil load. Pre soak if necessary.

This product is to be injected during the final rinse cycle. If using an automated dispensing system, place the dispenser feed tube into the product container. Continue by selecting the correct operating program. After selecting your program the dispenser will then automatically inject the correct amount of product during the final rinse cycle.

Consult your Sales Representative for specific instructions and application set up.

## Specifications

- Color.....Pink
- Fragrance.....Lavender
- PH Range.....6.5-7.5
